TECHNICAL SKILLS

Languages - Javascript, TypeScript, Python, Java, C, SQL, GraphQL, Bash

Libraries / Frameworks - Node.js, Express, React, Flask, Django, WebSocket, PostgreSQL, MySQL, SQLAlchemy, HTML5, CSS3, JQuery, Bootstrap, Jest, Selenium, JWT, OAuth

Tools - VSCode, Github, AWS, Heroku, Figma, Photoshop

SOFTWARE ENGINEER EXPERIENCE

Lead Software Engineer

Oct 2023 – Present

PEEL - Node.js, Express, React, SQL, AWS, Heroku, Figma

Remote

- Engineered a robust REST API, leveraging Node.js, Express, and PostgreSQL, enhancing system functionality and user experience.
- Executed UI/UX design using Figma, and translated designs seamlessly into responsive React.js components for a cohesive and visually appealing interface.
- Implemented Amazon S3 for optimized storage of user-generated content, enhancing scalability and performance.
- Integrated payment functionality with Stripe, ensuring secure and efficient transaction processing.

Full Stack Development Intern

June 2023 – July 2023

Foqal.io - TypeScript, React.js, GraphQL

Remote

- Led the implementation of a pivotal feature, utilizing GraphQL to enhance user group functionality, elevating the platform's task assignment capabilities.
- Conducted a comprehensive refactoring of dynamic variable assignments in Request-Type workflows and Tag workflows, improving code efficiency with TypeScript.
- Debugged and enhanced GraphQL queries for a seamless user experience, ensuring backward compatibility and efficient data retrieval.

Research Assistant

Aug 2018 – May 2020

Memory Lab and CERLAB at Carnegie Mellon - Python, CSS3, HTML5

Pittsburgh, PA

- Applied external Python scripts for audio file processing in Audacity, showcasing proficiency in Python scripting for data manipulation.
- Maintained the front end of the Memory-Lab website, utilizing CSS and HTML expertise for a polished and user-friendly interface.
- Developed a Raspberry Pi-based Python application for recording audio data from sleep apnea patients, demonstrating technical innovation.
- Successfully presented a functional prototype of the developed device to potential clients, highlighting effective communication and presentation skills.

EDUCATION

Carnegie Mellon University

2022

B.S. Degree - Electrical and Computer Engineering

Pittsburgh, PA

Rithm School

2023

Full Stack Web Development Bootcamp

San Francisco, CA
